The Story of Reality: How the World Began, How It Ends, and  
Everything Important that Happens in Between

“Biblical Christianity is more than just another private religious view. It's more than just a personal relationship with God or a source of moral teaching. Christianity is a *picture* of reality. It explains why the world is the way it is. When the pieces of this puzzle are properly assembled, we see the big picture clearly. Christianity is a true story of how the world began, why the world is the way it is, what role humans play in the drama, and how all the plotlines of the story are resolved in the end.” -

In this Story of Reality workshop, we'll listen to a recording from author and apologist Greg Koukl. He'll give us an overview of the words that form the narrative backbone of the Christian story. We'll discuss the most important things that happen in the story in the order they take place, beginning with an examination of reality, and God, and moving through man, Jesus, the cross, and resurrection.
